

Break Up Gone Wrong (POV)

- Lili is my very jealous girlfriend who is always suspicious of me and never trusts me. As result, we always argue.
- She is convinced I am cheating on her and begins to argue with me. I tell her I am not that type of person, but she refuses to believe me.
- She then walks away from me out of anger and begins practicing her taekwondo skills. She does this so she can calm down.
- She is wearing a **black taekwondo outfit** with **sneakers**.
- I follow her and tell her that we need to speak, but she doesn't want too as she is very angry with me. I finally tell her I want to break up with her as I have had enough of her!
- Lili cannot believe the news, she's shocked. She doesn't want me to break up with her.
- As I turn my back to her and walk away, Lila grabs an object and hits me across the head with it really hard. Lili is very angry!
- As I fall to the ground, Lili walks up to me and stands right on top of my face. She raises her leg really high and crushes my face with her foot. This knocks me unconscious.
- A few hours later, I wake up and find myself on the floor with my hands and legs tied up and my mouth taped up.
- Lili sees that I have woken up, so she gets on top of me to tell me she's going to make me suffer for breaking up with her.
- I beg her to untie me so we can sort out our problems, but Lili tapes me up again and slaps me across the face.
- I then watch as Lili takes her jacket off and begins rolling up her pants.
- Lili now puts her taekwondo techniques to good use. She uses many face kicks, groin kicks, knees, ground kicks and more. Lili really enjoys watching me suffer!
- After badly beating me up, Lili gets back on top of me. She takes the tape off from my from mouth and tells me she's going to make my death look like an accident.
- She tapes my mouth up again and chokes me with her foot until I pass out. Lili really enjoys this.
